excl. 1x E27 · max. 60W

- **Wallmounting**
- **IP44**
- **Lamp(s) not included**

The perfect ambience in the outdoor area requires not only the right decoration, but above all beautiful lighting. Our GARONNE series goes perfectly with straight-lined outdoor furniture and provides pleasant lighting and a perfect ambience for relaxed summer evenings. Whether a well-lit entrance area, path to the house or garden or simply a simple wall and ceiling light for the balcony - the outdoor light has IP44 protection and can therefore be used flexibly. The anthracite-coloured die-cast aluminium supports the linear design and represents a stylish combination with modern elements in the outdoor area. The use of LED light sources is recommended for energy-saving lighting. These are an ideal alternative to conventional halogen light sources and offer high light quality and energy savings of up to 80%. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.

### **Material construction**

Diecast aluminium ·  
Anthracite  
Glass · Transparent clear
