The wall light from the RHINE series has been combined in a modern design. Create a modern, decorative eye-catcher on your house wall. With an IP54 protection rating, the light is ideally equipped for outdoor use. This protection rating means that it is protected against the ingress of dust and spray water. The outdoor light is equipped with a motion sensor. This switches the light on and off automatically. The sensor reacts to movement in its immediate vicinity and carries out switching operations accordingly. With a height of 25 cm, the light has an appealing height. With its anthracite-coloured cast aluminium housing, the luminaire blends effortlessly into any colour scheme. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
