The TRENT outdoor wall light is characterised by its simple modernity and high-quality workmanship. The luminaire really comes into its own in the dark. Then it can set decorative accents with the up & down lighting and stylishly illuminate the outdoor area. This is supported by a warm white light colour tone, which provides inviting and pleasant lighting. The TRENT outdoor wall light measures 14 x 5 cm and is particularly suitable for mounting on your house façade in the entrance area, on the balcony or on your patio. The anthracite-coloured design can be combined in a variety of ways and ensures a modern appearance. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
