The TIBER outdoor light sets effective accents in outdoor areas. The cube-shaped luminaire can be swivelled sideways up to 320 and is therefore very flexible when it comes to illuminating your patio or entrance area, for example. The indirect light creates a pleasant ambience. The luminaire is made of powder-coated die-cast aluminium in anthracite. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
