The outdoor lights in the SALMON series are enchanting all along the line. The perfect combination of indirect light, functionality and stylish appearance makes these lights an indispensable element in your outdoor area. Placed next to the entrance door or on the house façade, the wall light provides an appealing light for every newcomer and contributes to safety. Thanks to the IP44 protection rating, the light is extremely versatile and can also be used in basements or garages. The colour mix of anthracite and wood reproduction is currently on trend and gives your outdoor area a visual upgrade. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.
