SAMBESI – 504160142

excl. 1x E27 · max. 28W

- **Dusk sensor**
- **IP44**
- **Lamp(s) not included**

Exceptional and functional luminaire design. The SAMBESI bollard light with its traditional yet modern luminaire design will be an eye-catcher in your outdoor area. When the luminaire is switched on, the light is pleasantly emitted into the surroundings and creates a decorative lighting ambience. The light has a twilight sensor that can be switched off via an integrated switch if required. Thanks to the weather-resistant die-cast aluminium in combination with the IP44 protection rating, the bollard light with a height of 60 cm is ideal for illuminating your outdoor area. The anthracite-coloured design can be combined in a variety of ways and ensures a modern appearance. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Material construction

Diecast aluminium ·
Anthracite
