Classic and timeless – the PIAVE outdoor ceiling light. Whether on the patio, balcony or in the entrance area, the ceiling light provides optimum lighting. Thanks to its IP54 protection rating, the 9 cm high wall light with a circumference of 30 cm is ideal for illuminating your outdoor area. The light also has a motion sensor, which ensures a safe environment, especially in the darker months of the year. The simple design and neutral colour scheme in anthracite and matt white plastic shade offer numerous application and combination options. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. LED light sources also have a long service life, produce less heat and protect the environment.
