The CALERA outdoor wall light is an elegant and practical solution for illuminating the entrance to your home. Right next to the entrance door or along the façade around the house, it provides excellent light and ensures adequate security. Thanks to its IP55 protection rating, the luminaire is protected against splashing water on all sides and dust deposits inside. The symmetrical overall appearance of the luminaire and the combination of high-quality plastic and die-cast aluminium in matt black are impressive in every respect. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.
