

Table lamp

SANTANA – R55346132

incl. 1x SMD LED, 1W · 1x 0lm,

- **Switch**
- **Dusk sensor**
- **Rechargeable battery operated**
- **IP44**
- **Solar**
- **Flame effect**

Thanks to the integrated solar panel, the SANTANA table lamp allows you to place the lantern wherever light is needed without a power connection. This energy-saving and flexible luminaire sets beautiful and atmospheric lighting accents and provides the ideal light for the home and garden thanks to the flame effect. Thanks to the twilight sensor, the light switches on automatically when it gets dark and switches off again when it gets bright. The additional IP44 protection rating protects the table lamp from splashing water and is therefore suitable for outdoor use. The shape and colour combination of the light in matt black and brown offers many decorative possibilities and complements any outdoor oasis. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Material construction

Plastic · Black mat

Product dimensions

Width: 18cm
Height: 28cm
Depth: 18cm
Weight: 0,8kg

Technical data

Light source: SMD – LED (integrated)
Watt: 1W
Color rendering (CRI): > 80 CRI

operating voltage: 230V ~ 50Hz
IP classification: IP44
