Design and functionality come together in the stylish LORA outdoor light. Place the table lamp flexibly in a position of your choice - without any cables. On the balcony, terrace or at a picnic - the light can be charged within 4 hours via the integrated rechargeable battery using the USB connection and then emit a pleasant warm white light for approx. 5 hours. The white design ensures that the light is optimally reflected and the luminaire blends seamlessly into any outdoor area. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
