The beautiful curved shape of the BLAZE floor lamp will become an eye-catcher next to your sofa or in your hallway. Thanks to the foot switch, the modern and elegant luminaire has an integrated dimmer that allows the light to be dimmed continuously. In addition, the light colour can be adjusted in stages to create a special lighting experience. Due to the additionally integrated memory function, the last set light scenario is automatically set again. The design of the luminaire is rounded off by the simple colour combination of matt brass and matt black. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
