The lights in the CHARIVARI series impress with their elegant design and functionality. The table lamp also creates a cosy ambience and serves as a decorative element at the same time. The light also has an integrated dimmer so that the brightness can be individually adjusted to suit your requirements. The matt nickel colour scheme makes it easy to integrate into existing colour schemes. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
