The eye-catching and at the same time graceful design of the SEQUENCE luminaire series will be the eye-catcher in your home. The floor lamp in spiral shape has an integrated sensor dimmer so that the brightness can be adjusted continuously. In addition, three light colours are adjustable in steps (warm white, neutral white, daylight white). The elegant combination of black matt and brushed aluminium metal creates special light accents and creates new favourite places in your home. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
