Lamp's final measurements depend on the setup of the arms.

DESIGN - Anna Siedlecka & Radek Achramowicz

DESCRIPTION - Pendant lamp with big flexible, air-filled shade in transparent PVC. The air is the main material, which the lamp is built of. That's why despite its size the lamp is very lightweight. Imperceptible air is the most ecological and innocent material you can imagine, but it has immense strength. United with energy-efficient light sources makes significant alternative to conventional materials and technologies in lighting.

Glossy finishing. Canopy in semi-transparent plastic, construction in transparent acrylic. Lamp fitted with three stainless steel suspension cords and transparent electrical cable. Delivered deflated.

Body PCV transparent

Construction PMMA

Light source compact fluorescent
